## 2011 Zia Queenbee Co. Survivor Stock Queen Prices

Pricing does not include shipping\*

We include **Marking free of charge** for all queens unless requested otherwise.  
We encourage beekeepers to keep track and share performance!

*All queens harvested 4 weeks post emergence.  
Add \$1/queen for clipping.  
\*Queens shipped in JzBz cages via USPS  
Priority and Express.  
Insurance available for Express  
shipments.*

1-12	\$28
13-25	\$26
26-50	\$24
51-99	\$22
100+	\$20

**NEW- THIS SEASON!!! LIMITED  
AVAILABILITY**

## Enchanted Empress Survivor Stock Breeder Queens:

**Cream of the Crop!  
Over-Wintered Tested Survivor  
Rocky Mountain Reina Queens \$200**

*Includes marking and clipping  
& USPS Express Shipping Insured*

**These are proven layers with diverse  
Survivor genetics who have over-wintered  
successfully in the southern Rockies.**

**Also available in their own  
overwintered 3- frame nucs for \$ 300**

## Survivor Stock Queen Cells

Queencell orders must be placed a minimum of two weeks in advance of when needed to secure count.

On occasion, we do have "last minute" cells available- though in low quantity.

We do not sell Stubs (rejects).

We inspect/candle each cell and incubate when handling out of hive. Queen larvae are well fed.

*\*\*Handling & Timing is of extreme essence in cell viability.\*\**

## 2011 ZQB Survivor Stock Starter Nucleus Colony Prices

*We are at the mercy of Mother Nature. We do not begin to rear queens until bees are ready and mature drones are present. We must wait until the initial spring bloom has begun. We are on the bees' schedule. We await for each nuc to demonstrate viability before sharing. We and our bees appreciate your patience.*

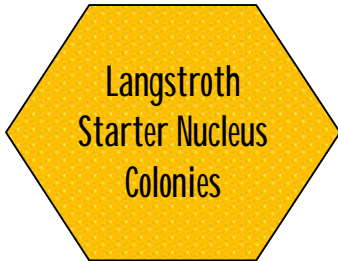

**Pick Up from Truchas, NM farm May-June.**

**No Frame/Bar Exchange.**

**All nucs sold in reusable transport nuc boxes.**

**Delivery to Upper Peninsula- Marquette, Michigan in May/June.**

### Langstroth Starter Nucleus Colonies:

4-frame Langstroth nucleus colonies w/ freshly mated  
2011 Survivor Queens Available May/June \$155

Early Season 4-frame Overwintered/Tested Rocky Mountain Reina Nuc  
Ready to bust! 2010 Select Queens- Proven Layers \$230  
Anticipated availability starting in April

### Top Bar Starter Nucleus Colonies\*:

4-comb Top Bar nucleus colonies- No Bar Exchange \$155  
*Includes Reusable Transport nuc box.*

*\*We use 19" long and 1/2 inch thick top bars to accommodate longer top bar systems and match Langstroth standardized top bar length. Nucleus top bars can be transferred into stewards' boxes via three methods:*

*1) Attach nucleus top bar to underside of home bar (screws, tape, wire), 2) Remove recycled Pierco starter strip screws and screw comb onto home bar, 3) Cut comb and attach with string/wire to home bar. Rotate out nucleus bars & combs during wax production and population growth.*

### Langstroth Equipment:

*We are limited on storage space – advanced notice required for pick up.*

- Item #001: Inner Cover and Telescoping lid \$35.00 unpainted
- Item #002: 9 5/8" Deep Super (includes 10 wood frames w/ plastic foundation) \$53.00 unpainted
- Item #003: 7 5/8" Super- *this is not a medium nor a shallow* (+ 10 wooden frames w/ plastic foundation) \$51.00
